WATER FOR LIFE

FLECK 700SE MIXED BED SERIES

50,000 Grains Maximum Capacity
Mixed Bed
1.6 Cu Ft Resin Volume
10" x 54" Resin Tank

Advanced Water Treatment utilizing cutting edge technology to deliver the highest efficiency, highest capacity system available.

Whole House water filters, otherwise known as Point-of-Entry (POE) systems are designed to filter the water in your entire home by treating every drop of water as it enters.

Our new Mixed Bed Series high efficiency ion exchange and granular activated carbon whole house system will provide two levels of treatment. First, it will produce soft water at every tap in the house. Second, it will remove chlorine and unpleasant tastes and odors from your water.

5 Year Limited Warranty.

Money Saving Demand Control Valve includes a metering system which calculates your water use and regenerates only when needed. That can mean salt and water saving of up to 50%.

VOLUME	RESIN TANK SIZE	MAX CAPACITY
1.6 CF	10" X 54"	50,000 grains
